Meet & Greet Available

A side-profile photograph of Bob Donahue, a man with grey hair and a mustache, singing into a black microphone. He is wearing a dark grey button-down shirt with a red patch on the left sleeve that says "DEKKER". The background is dark with some stage lights visible in the upper right.

BOB DONAHUE

Lead Vocals

A lifelong Pearl Jam fan and professional vocal coach, Bob's baritone voice is incredibly reminiscent of Eddie Vedder's. With a degree in music business in hand, Bob created Given to Fly in 2014 to honor his musical heroes and recreate the best of Pearl Jam for die-hard fans who know their music well. His gritty, warm sound plus the band's tight delivery makes Given to Fly a standout tribute.

"Donahue may not look like Eddie Vedder, but he sure sounds like him. Like, *a lot*. He inhabits 'Jeremy', Pearl Jam's dark, mid-tempo hit from 1992, just like Vedder does."
